On April 22, 1971 was signed the option to sell to Dunkin' Donuts the church property. If they, as we think they will pick up the option in the next few days we may be out by May 20th!

AWAY WE GOOOOO.....

Looking for a barn or barns to store our things. We can take the organ, one furnace, stained glass, front door, pews if we want and furnishings of course.

Looking for a place to meet for the next year. We have been generously offered the use of the Odd Fellows Hall and the Methodist Church on Hancock Street which meets at 10:15. So far no decision has been made on this.

Looking for sites, and at other church buildings in the area, construction costs and a thousand other details.

Figuring how much money we can raise. We will have \$25,000 to which somehow must be added another 25 to 50 thousand dollars. Besides raising the usual operating budget.

These committees are already at work:

BUILDING COMMITTEE; with Helen Silver as CHAIRMAN IS CHARGED with looking at sites, collecting all information on costs and designs and the physical needs of the new building.

GOALS COMMITTEE with Bert Magnus as chairman is to discuss, to discover and to canvass the congregation on its conceptions of program needs and the kind of building that might house the same.

### PROPERTY COMMITTEE

To have charge of the selection of things to go and see to their moving and storing.

FUNDING COMMITTEE: Louis Collier Chr. to ascertain what in its judgement is the financial potential of the congregation and other sources.
