BOARD OF TRUSTEES

Jan. 8th at the Gibbses 7:30

The pastor's sermon had been unusually long. At its conclusion he announced that there would be a meeting of the board after the service. When the group got together there was a stranger among them.

Thinking that there had been a mistake, the pastor explained again that it was a board meeting. The stranger nodded.

"I know," he said. "And if there was anyone more bored than I was, I'd like to meet him now." —Boston Globe
