Really! The structure is up; closed in except for the windows which will be here next week.
Floor needs to be poured in sanctuary. Sheet rock to be put up and painted; then plumbing, electric fixtures and such and we could be in it in a month! Yep. Could!
Outside: Well is in; septic tank next. Clearing of underbrush and general ground sprucing up called for.

We are like people moving from a ten room house to a three room apartment. Our barn load of furniture needs to be weeded to see what we keep and where to put it.

On suppers and such the thinking right now is that we lack the facilities for public suppers - which can be held in the lodge, but for our own parish covered-dish kind the accomodations are fine.

After two years of talking and planning we are right down to everyday housekeep- ing details. wunnerful, wunnerful.

WHAT ELSE IS NEW: In 1874 the Rev. W.H. Lyons accepting a call to the Ellsworth Unitarian church wrote:
"It is well to pray to the Lord of the Harvest He will send laborers unto the harvest, but better to take the sickle ourselves and bend down to the work."
(He further observed that - it took money to run a church) Who told him?

REFLECT The sun was warm but the wind was chill.
You know how it is with an April day:
When the sun is out and the wind is still,
You're one month on in the middle of May.
But if you so much as dare to speak,
A cloud comes over the sunlit arch,
A wind comes off a frozen peak,
And you're two months back in the middle of March.
